Rules Governing)	
Hearing Aid Compatible)	WT Docket No. 01-309
Telephones)	

Hearing Aid Compatibility Report

Disney Mobile hereby files this report in the above-captioned docket pursuant to the August 14, 2003 Hearing Aid Compatibility Report and Order ("HAC Order") and related March 8, 2004 public notice issued by the Federal Communication Commission ("Commission").¹ The public notice established reporting dates for wireless carriers to file compliance reports, as required by the HAC Order. This hearing aid compatibility report addresses Disney Mobile's compliance with the Commission's requirements as of November 30, 2006.

Disney Mobile currently offers three models of digital wireless handsets. As a result, Disney Mobile is required to make available one hearing aid-compatible model of handset, as detailed in Section 20.19(e) of the Commission's rules.² Two of Disney Mobile's current handset offerings are compliant.

The information requested by the Commission in paragraph 89 of the HAC Order is contained in the following responses:

- (1) **Digital wireless phones tested:** Disney Mobile does not perform hearing aid compatibility testing. Such testing is performed by its handset vendors. Disney Mobile is not a handset manufacturer and does not engage in product development. Disney Mobile relies upon its vendors to conduct testing and to confirm the compliance of each specific handset device.
- (2) **Laboratory Used:** Not applicable. See response to item (1).
- (3) **Test results for each phone tested:** Disney Mobile does not conduct its own testing. Disney Mobile has received documentation from its vendors that its hearing aid compatible phones are certified to be compliant. See response to item (1).

¹ See Report and Order, *In the Matter of Section 68.4(a) of the Commission's Rules Governing Hearing Aid-Compatible Telephones*, 18 FCC Rcd 16753 (2003); Public Notice, *Wireless Telecommunications Bureau Announces Hearing Aid Compatibility Reporting Dates for Wireless Carriers and Handset Manufacturers* (WT Docket No. 01-309), 19 FCC Rcd 4097 (2004).

² Section 20.19(e) of the FCC's rules states, in pertinent part, "mobile service providers that offer three digital wireless handset models must make at least one compliant phone model in two years." 47 C.F.R. § 20.19(e)(2).

- (4) **Identification of compliant phone models and ratings according to ANSI C63.19:** Disney Mobile makes available the following compliant handsets:
- a. DM-P100 (FCC identifier BEJLX350), manufactured by LG Electronics. HAC rating: M4.
 - b. DM-L200 (FCC identifier PP4TX-215A), manufactured by Pantech & Curitel Communications. HAC rating: M3 & T3.
- (5) **Report on the status of product labeling:** The handset product labeling includes information about hearing aid compatibility, as follows:
- a. For the DM-P100, the M rating is on the box.
 - b. For the DM-L200, the M rating is on the box. The T rating is currently not on the box. The handset's T rating had not been tested when the product was launched.
- (6) **Report on outreach efforts:** Disney Mobile anticipates that it will highlight the handsets' HAC ratings on its website beginning December 7, 2006.
- (7) **Information related to retail availability of compliant phones:** Both compliant handset models are available for purchase through Disney Mobile's website and through a limited number of retail outlets.
- (8) **Information related to incorporating hearing aid compatibility features into newer models of wireless phones:** Not applicable. Disney Mobile is not a handset manufacturer and does not engage in product development.
- (9) **Any activities related to ANSI C63.19 or other standards work intended to promote compliance with this Order:** Not applicable. See response to item (8).
- (10) **Total numbers of compliant and non-compliant phone models offered as of the time of this report:** Three different handset models are offered; two models are compliant.
- (11) **Any ongoing efforts for interoperability testing with hearing aid devices:** Not applicable. See response to item (8).

Please do not hesitate to contact the undersigned with any questions regarding the foregoing.

Respectfully submitted,

By: 

Phil Marchesiello
